STATISTICS

<u>Area:</u>	36,685 acres.
<u>Population:</u>	The Registrar-General's estimate of the mid-year population of the District was 9,740 (9,690 in 1959)
<u>Number of Inhabited Houses:</u>	3,347
<u>Rateable Value:</u>	£115,254
<u>Sum represented by penny rate:</u>	£456
<u>Total rainfall:</u>	41.98 inches.
<u>Mean Air Temperature over whole year:</u>	53°F.

Health Department,
Brook House,
Dover.

To: The Chairman and Members of the Elham Rural District Council;
Ladies and Gentlemen,

I have the honour to present the Annual Report on the Health and Sanitary Conditions of the Rural District for the year 1960.

The Registrar General's estimated mid-year population was 9,740 compared with 9,690 in 1959.

The birth rate adjusted for comparative purposes rose from 14.4 per 1,000 of the population to 15.5. The rate for England and Wales was 17.1.

The crude death rate was 18.7 per 1,000 of the population which, after adjustment, is reduced to 9.9 and compares favourably with the rate for England and Wales 11.5.

There were 5 deaths among infants under 1 year giving a mortality rate of 35 per 1,000 live births. This is 2.8 less than in the previous year, but still considerably above the rate for England and Wales which was 21.7.

There were no maternal deaths during the year.

The incidence of infectious disease, excluding tuberculosis, was exceptionally low. Only 3 cases of Measles, 9 of Whooping Cough and 7 of Scarlet Fever occurred among the notifiable diseases.

New cases of tuberculosis showed an increase of one pulmonary and one non-pulmonary on the figures for the previous year.

On the whole the year has been a satisfactory one as regards community health with steady progress towards better environmental conditions as shown in the Report of the Surveyor and Chief Public Health Inspector.

A useful addition to the records of the Department is the inclusion of certain meteorological observations which were initiated during the year.

I have to thank the Council for their continued interest in the work of the Department and the staff for their co-operation and assistance at all times.

I have the honour to be,

Madam Chairman, Ladies and Gentlemen,

Your obedient Servant

C.F. LYNCH

Medical Officer of Health

SECTION A - EXTRACTS FROM VITAL STATISTICS FOR THE YEAR

1. BIRTHS:

(a) Registered Live Births:-

	Male:	Female:	Total:
Legitimate	71	68	139
Illegitimate	2	2	4
	<hr/>	<hr/>	<hr/>
	73	70	143
	<hr/>	<hr/>	<hr/>

Comparability Factor - 1.06

Crude Live Birth Rate per 1,000 estimated population 1468
 Crude Legitimate Live Births per 1,000 estimated population .. 14.27
 Crude Illegitimate Live Births per 1,000 estimated population .. 0.41
 Adjusted Live Birth Rate for comparative purposes 15.56

(b) Stillbirths:-

	Male:	Female:	Total:
Legitimate	2	-	2
Illegitimate	-	1	1
	<hr/>	<hr/>	<hr/>
	2	1	3
	<hr/>	<hr/>	<hr/>

Stillbirth Rate (Per 1,000 Live and Stillbirths) - 20.55

2. DEATHS:

	Male:	Female:	Total:
Registered	92	91	183

Comparability Factor:- 0.53

Crude Death Rate per 1,000 estimated population 18.79
 Adjusted for comparative purposes 9.96

The figures for the births and deaths are those finalised by correction for inward and outward transfers, while the population figure upon which the various rates are based is the estimated home population at 30th June, 1960, and includes members of the Armed Forces stationed in the area. For each Authority's area the Registrar General issues annual Area comparability factors for use with crude birth and death rates; the factors contain adjustments for boundary changes and make allowance for the way in which the sex and age distribution of the local population differs from that for England and Wales as a whole, while the death rate factor has in addition been adjusted specifically to take account of the presence of any residential institutions in each area.

3. INFANT MORTALITY:

Deaths under 1 year:-

	Male:	Female:	Total:
Legitimate	3	2	5
Illegitimate	-	-	-
	<hr/>	<hr/>	<hr/>
	3	2	5
	<hr/>	<hr/>	<hr/>

Infant Mortality Rate per 1,000 Live Births:- 35

4.

Causes of Deaths, and Age Groups in 1960

Cause of Death:	Male:	Female:	Total:
Other infective and parasitic diseases	1	-	1
Malignant neoplasm, stomach	1	1	2
Malignant neoplasm, lung, bronchus	5	1	6
Malignant neoplasm, breast	-	2	2
Malignant neoplasm, uterus	-	3	3
Other malignant and lymphatic neoplasms	5	8	13
Leukaemia, aleukaemia	-	1	1
Diabetes	1	-	1
Vascular lesions of nervous system	13	22	35
Coronary disease, angina	16	10	26
Hypertension with heart disease	-	2	2
Other heart disease	20	13	33
Other circulatory disease	5	6	11
Pneumonia	5	3	8
Bronchitis	5	4	9
Other diseases of respiratory system	3	-	3
Ulcer of stomach and duodenum	-	1	1
Hyperplasia of prostate	2	-	2
Congenital malformations	-	1	1
Other defined and ill-defined diseases	5	12	17
Motor vehicle accidents	3	-	3
All other accidents	1	1	2
Suicide	1	-	1
TOTALS	92	91	183

Age Groups in which Deaths Occurred:

Age Groups:	Male:	Female:	Total:
Under 1 year	3	2	5
1 year	-	-	-
2 - 4 years	1	-	1
5 - 14 years	-	1	1
15 - 24 years	-	-	-
25 - 44 years	1	1	2
45 - 64 years	17	9	26
65 - 74 years	21	15	36
75 years and over	49	63	112
TOTALS	92	91	183

5. SPECIALLY RECORDED DEATHS:

Measles (all ages) -
 Whooping Cough (all ages) -
 Diarrhoea (under 2 years of age) -
 Cancer (all ages) 26

Rate per 1,000 estimated populationElham Rural District: England & Wales:

(1) Lungs and bronchus 0.62 0.481
 (11) Other 2.05 1.676

AGE GROUPS IN WHICH DEATHS FROM CANCER OCCURRED

CANCER OF:-	45 - 64		65 - 74		75 and Over		Total	
	M.	F.	M.	F.	M.	F.	M.	F.
Stomach	-	-	-	-	1	1	1	1
Lung, Bronchus	3	1	2	-	-	-	5	1

MATERNAL MORTALITY: (Per 1,000 Total (Live and Still) Births)

All causes	-	-	0.39
------------	---	---	------

SECTION B - GENERAL PROVISION OF HEALTH SERVICES

(a) Hospitals:

St. Mary's Hospital, Etchinghill, situated within the Rural District, provides accommodation for the aged and infirm and chronic sick cases and is administered by the South East Metropolitan Regional Hospital Board. Appropriate facilities for the treatment of acute cases, maternity cases and infectious diseases are provided by the Board's hospitals elsewhere in the region.

(b) Laboratory Facilities:

The Public Health Laboratory Service undertakes the examination of pathological and other specimens as well as the routine bacteriological examination of water, milk and other samples.

(c) Nursing and Midwifery Services:

These domiciliary services are provided by the Kent County Council which is the administrative authority for them in the Rural area. The following information on the work of the services during 1960 has been provided by the County Medical Officer.

(1)	Number of Home Nurses working in District	8
	Number of Patients attended	274
	Number of attendances including casual visits ..	7,804
(11)	Number of Midwives working in District	7
	Number of births attended	48

(d) Clinics and Welfare Centres:

The County Council as the Local Health Authority and Education Authority provides various specialist and consultant services for expectant and nursing mothers, infants, toddlers and children of school age. The Regional Hospital Board also provides clinics serving the Rural Area, including those for the diagnosis and treatment of tuberculosis and venereal disease.

(e) Ambulance Service:

This service is administered and operated by the Kent County Council with ambulance stations in the neighbouring towns.

SECTION C - PREVALENCE OF AND CONTROL OVER INFECTIOUS
AND OTHER DISEASES

1. Diseases (excluding Tuberculosis) Notified during 1960
By Age Groups - Corrected

Age Group	Whooping Cough	Measles	Scarlet Fever
Age Unknown	-	-	-
Under 1 year	-	-	-
1 - 2 years	-	-	-
2 - 3 years	1	1	1
3 - 4 years	1	-	1
4 - 5 years	4	2	1
5 - 10 years	2	-	3
10 - 15 years	1	-	1
15 - 20 years	-	-	-
20 - 35 years	-	-	-
35 - 45 years	-	-	-
45 - 65 years	-	-	-
65 years and upwards	-	-	-
Total	9	3	7
Admitted to Hospital	-	-	-
Notification Rates per 1,000 Home Population Elham Rural District	0.92	0.31	0.72
England and Wales	1.268	3.48	0.703

2. Food Poisoning:

There were no notified cases of food poisoning in the District.

3. Immunisation and Vaccination:

The Schemes for Whooping Cough and Diphtheria immunisation and Smallpox and Poliomyelitis Vaccination were continued under the administration of the Kent County Council and the following statistics for 1960 are made available by the courtesy of the County Medical Officer:-

(a) Whooping Cough Immunisation:

117 Children received primary whooping cough immunisation.

(b) Diphtheria Immunisation:

Number of children resident in the District who received:-

- (a) Primary inoculations .. 129
- (b) Reinforcing inoculations 91

3. Immunisation and Vaccination:

(b) Diphtheria Immunisation: (Cont'd)

Number of children under the age of 15 years on the 31st December, 1960, who had completed a course of immunisation at any time before that date.

	Under 5 years	5 - 15 years	Total
Last complete course of injections (whether primary or booster) 1956 - 1960	433	610	1043
1955 or earlier	-	614	614

(c) Smallpox Vaccination:

Vaccination against smallpox recorded:-

Age as at 31st December, 1960:

	Under 1 year:	1-4 years:	5-14 years:	15 years and over:	Total:
Number vaccinated	38	53	1	2	94
Number re-vaccinated	-	-	1	2	3

(d) Poliomyelitis Vaccination:

Persons resident in the District receiving injections against Poliomyelitis:-

	Under 1 year:	1-4 years:	5-10 years:	11-14 years:	15 years and over
Given two injections	11	103	7	7	221
Given third injection	-	113	55	31	320

4. Tuberculosis:

New cases of tuberculosis notified during 1960 were as follows:-

	<u>Pulmonary:</u>		<u>Non-Pulmonary:</u>	
	Male:	Female:	Male:	Female:
1959	6	-	-	2
	5	-	-	1

Age grouping of the new cases notified:-

5 - 9 years ..	1	-	-	-
15 - 24 years ..	1	-	-	1
25 - 44 years ..	2	-	-	-
45 - 64 years ..	2	-	-	-
65 years and over -	-	-	-	1

The following "Annual Statement of Tuberculosis" is compiled from the four Quarterly Returns rendered to the County Medical Officer:-

	Pulmonary		Non-Pulmonary	
	Male	Female	Male	Female
(a) Number of Cases of Tuberculosis on Register as at 1st January, 1960	42	34	2	4
(b) Number of Cases notified under Regulations of 1952 for first time during the year.	6	-	-	2
(c) Restored to Register	-	-	-	-
(d) Added to Register otherwise than formal notification.	-	1	-	-
(e) Cases removed from Register during year, including recoveries or deaths (excluding deaths of un-notified cases)	5	4	-	1
(f) Cases on Register at end of 1960	43	31	2	5

Of the 10 patients whose names were removed from the Register during the year, 6 were regarded as recovered, 3 removed from the District, and 1 died, although in this case the immediate cause of death was not attributed to tuberculosis.

There were no deaths from tuberculosis of un-notified cases during the year.

No action was necessary under the Public Health (Prevention of Tuberculosis) Regulations, 1925, (regarding tuberculous persons employed in the milk trade) or Section 172 of the Public Health Act, 1936, (regarding the compulsory removal of tuberculous patients to hospital).

The Mass Radiography Unit visited the District during 1960, and Dr. G.I. Jones, Medical Director of the Unit, kindly supplied the following statistical information relating to the survey:-

Miniature Films Taken:- 894

Male 377
Female 517

Male: Female:

Active Tuberculosis	2	-
Inactive Tuberculosis	1	4
Cancer of Lung	1	-

Public Health (Aircraft) Regulations 1952: Aliens Order, 1953:

Lympne Airport:

No cases of infectious disease were reported during the year among air passengers or crews arriving at the Airport; 11,954 aliens were landed and 9 were referred for medical examination under the Aliens Order. No certificates were issued.

ANNUAL REPORT, 1960

Report of the Surveyor and Chief Public Health Inspector

SECTION D

Sanitary Circumstances of the Area

1. Water Supply

The quality of the water supplied by the two Statutory Water Undertakings was satisfactory throughout the year.

A Small concrete header tank was erected by the Mid-Kent Water Company in Knowlhill Carvett and this has improved the water pressure in the Densole area of Swingfield.

A short length of water main was laid at Peene, Newington by the Folkestone and District Water Company to serve some 15 dwellings.

Examination of samples taken during the year

	Bacteriological Examination		
	No. of samples	Satisfactory	Unsatisfactory
Statutory Supply Undertakings	10	10	Nil
Private sources piped to dwellings	28	16	12
Other private sources	10	3	7
Totals	48	29	19

The owners of 4 dwellings from which unsatisfactory samples were obtained have either had small chlorinators installed or the main supply connected.

12 reports on the bacteriological examination of water were received from the Mid-Kent Water Company. The reports shewed that all the samples were satisfactory.

95.6% of the total number of dwellinghouses in the district had piped supplies of water.

No. of houses with piped supply

Parish	Estimated Population	No. of houses	Direct to house	Stand pipe
Acrise	133	37	32	-
Elham	1268	498	469	4
Elmsted	312	106	106	-
Hawkinge	1347	392	381	-
Lyminge	1911	555	528	2
Lympne	708	245	239	-
Monks Horton	142	42	42	-
Newington	369	120	101	1
Paddlesworth	40	12	10	-
Postling	161	59	55	-
Saltwood	836	322	321	-
Sellindge	879	296	283	-
Stanford	447	153	145	-
Stelling	210	82	82	-
Stelling Minnis	89	66	66	-
Stowting	158	68	61	-
Swingfield	730	294	282	-
Total	9,740	3,347	3,203	7

2. Public Swimming Baths

There are no public swimming baths in the district.

3. Drainage, Sewerage and Sewage Disposal

a) Elham, Lyminge and Newington

Stage II - Etchinghill, Lyminge and Elham

271 Properties, mostly in Etchinghill and Lyminge, were connected to the new public sewers. All the gravity sewers on this final stage were completed. Three small sewage treatment plants serving Council Estates in Lyminge and two in Elham were made redundant.

b) Hawkinge, Swingfield and Acrise

The approval of the Ministry of Housing and Local Government in respect of Messrs. Bowzell's tender was received and work was started in April on the gravity sewers between the Borough of Folkestone and Hawkinge and also on the pumping stations at Cowgate and Mudsole. It is anticipated that the first properties in Hawkinge which are situated on the line of the gravity sewers will be connected at the beginning of next year.

c) Sellindge, Stanford and Lympne

The Council gave instructions to proceed with the preliminaries in respect of this scheme and sites for the sewage treatment works and pumping stations were investigated.

Cesspool Emptying

Cesspools were emptied by direct labour with three Dennis 800 gallon emptiers. Considerable overtime was worked and additional vehicles were hired from Messrs. Lines of Wootton.

During the winter period there was a delay of 6 weeks between receipt and execution of requests to empty cesspools in spite of the houses connected to public sewers. This delay was put down to the increase in private dwellings being built and the large number of improvements, installation of W.Cs., bath-rooms etc. being carried out with the assistance of grants and otherwise.

No direct charge was made for the emptying of cesspools serving private dwellings and no limit was placed on the number of emptyings per cesspool during the year.

4. General

	No. in district	No. of visits	No. of defects found	No. remedied
Bakehouses	4	8	1	1
Dairies (retail)	2	7	Nil	Nil
Ice-cream premises	44	94	5	4
Slaughterhouses	3	305	7	6
Other places where food is prepared or sold	99	121	7	7
Offensive trades	Nil	Nil	Nil	Nil
Factories	33	27	2	2

Summary of Visits:-

Food premises, shops and slaughterhouses	472
Factories	27
Sanitary defects, Housing and Improvement Grants	605
Petroleum Storage and Stage Play Licences	84
Sampling and Water Supplies	105
Building operations and drainage	1507
Council House Maintenance	710
Town and Country Planning and Civil Defence	215
Miscellaneous	311
In connection with Main Drainage Schemes	225

Nuisances and defects remedied during the year:-

Baths, sinks etc.	3
Dustbins	8
Cooking and heating	2
Dampness	10
Roofs, R.V.Ps, chimneys	5
Drainage: Reconstructions (Other than connections to public sewers)	8
Drainage: Repairs	1
Sanitary accommodation	5
Walls, ceilings and floors	3
Water supplies	4

Total no. of inspections of all kinds during the year:-	4,261
" " " premises connected to public sewers	618
" " " " " cesspools or septic tanks (Estimated)	1,500
" " " " with pail closets (exact figure not known)	
" " " " not connected to public water supply	137
" " " Informal Notices Served	47
" " " Statutory Notices Served	1

5. Control of Infestation

Rodent Control

A part time Rodent Operator was employed and disinfection was carried out in accordance with recommendations laid down by the Ministry of Agriculture Fisheries and Food.

No. of Visits made:	Dwelling houses	1,082
	Agricultural	326
	Business premises	35
	Local Authority	57
No. of premises treated:	Minor infestations	201
	Major infestations	26
	Mice	65

Vermin and Insects

Several minor infestations of wasps, cluster flies, cockroaches, ants and earwigs were successfully treated.

No infestations of bed bugs came to light during the year.

6. Refuse Collection and Disposal

Collection of domestic refuse was undertaken by direct labour using two Bedford 7 cu. yard side loading vehicles.

Weekly collections were made in the village of Saltwood and fortnightly elsewhere throughout the district. Occupiers of premises were required to place dustbins at the roadside for collection.

Two driver/loaders and two loaders were employed on this service.

Some minor alterations in the collecting time table became necessary because of the institution of the 5 day working week at the beginning of the year.

Disposal of refuse was by controlled tipping, mainly at the Blind House Lane Tip at Stanford.

Salvage

Income derived from the sale of salvaged materials was £554. 0s. 0d. 71 tons 14 cwt. of mixed waste paper (unbaled) were collected and sold, the remainder of the income was realised from the sale of scrap metals and mixed rags.

SECTION E

FOOD

1. Milk

No. of retailers	.. 14
No. of dairies	.. 2

6 licences to use the special designation "Pasteurised" and 6 licences to use the special designation "Tuberculin Tested" in relation to milk sold retail were in force in the district. At the end of this year the Council ceased to be the Authority responsible for the issue of licences under the Milk (Special Designations) Regs. as it was not a "food and drugs authority".

2. Ice Cream

No ice cream or iced lollies were manufactured in the district. 44 premises were registered for the sale of ice cream. Only pre-wrapped ice cream was retailed in the district.

3. Meat and Other Foods

It would appear that three private slaughterhouses will be brought up to a satisfactory standard by the appointed day which will be 1st October, 1961, if this date is approved by the Ministry.

Carcases inspected and condemned

	Cattle excluding Cows	Cows	Calves	Sheep and Lambs	Pigs
Number killed	332	198	258	7003	3457
Number inspected	332	198	258	7003	3457
<u>All diseases except Tuberculosis and Cysticerci</u>					
Whole carcasses condemned	Nil	Nil	Nil	6	2
Carcasses of which some part or organ was condemned	12	55	1	972	438
% of number inspected affected with disease other than tuberculosis and cysticerci	3.9	27.7	0.4	13.4	12.7
<u>Tuberculosis only</u>					
Whole carcasses condemned	Nil	Nil	Nil	Nil	2
Carcasses of which some part or organ was condemned	Nil	Nil	Nil	Nil	111
% of number inspected with tuberculosis	Nil	Nil	Nil	Nil	3.2
<u>Cysticerci only</u>					
Carcasses of which some part or organ was condemned	1	Nil	Nil	Nil	Nil
Carcasses submitted to treatment by refrigeration	1	Nil	Nil	Nil	Nil
Generalised and totally condemned	Nil	Nil	Nil	Nil	Nil

3. Meat and Other Foods (cont'd.)

The following foodstuffs were surrendered and condemned as unfit for human consumption:-

	Tons.	cwts.	qrs.	lbs.
Home killed beef		7	0	0
Home killed pork	1	8	1	10
Home killed mutton	1	10	1	22
Misc.			2	16
<hr/>				
Total	3	6	1	20
<hr/>				

Slaughtering by a wholesale butcher at Swingfield Slaughterhouse has meant working after normal office hours on the following days:-

17	Saturdays
48	Sundays
43	Mondays
43	Tuesdays
1	Wednesday
1	Thursday
2	Fridays

On 22 occasions meat inspection was carried out after 9.00 p.m.

Deadweight certification of Pigs (Fatstock Guarantee Scheme)

The Swingfield Slaughterhouse ceased to be a Certification Centre on 26th February. A total of 16 pigs were certified during the year.

SECTION F

HOUSING

1. Number of Inspections

Informal notices served (Housing and Public Health Acts)	32
Informal notices complied with	30
Statutory notices served	1
Statutory notices complied with by owners	1
Statutory notices complied with by L.A. in default	Nil
a) Number of dwellinghouses inspected for housing defects under Public Health and Housing Acts.	98
b) Number of houses found to be in any respect unfit for human habitation	41
c) Number of houses found to be unfit for human habitation and incapable of repair at reasonable cost	14
d) Number of houses in which defects were remedied by informal action	30
e) Number of houses in respect of which demolition orders were made	11
f) Number of houses demolished	7
g) Number of houses closed in pursuance of an undertaking given under Section 16 of the Housing Act, 1957	2
h) Number of houses reconditioned and undertakings cancelled	Nil

2. Improvement Grants made under the Housing (Financial Provisions) Act, 1958 and House Purchase and Housing Act, 1959

a) Discretionary Grants

Number of application received	18
Number of applications refused	Nil
Number of applications withdrawn	2
Number of dwellings involved	19
Total amount of grants approved	£5,196. 0s. 0d.

b) Standard Grants

Number of applications received	26
Number of applications refused	Nil
Number of applications withdrawn	1
Number of dwellings involved	26
Total amount of grants approved	£2,910. 0s. 0d.
Total amount of grants paid	£1,021. 0s. 0d.

3. Building Operations

During the year 334 applications were considered under the Town and Country Planning Acts and 309 applications under the Building Byelaws.

4. Council Houses

Three Council houses and 7 old peoples flats and bungalows were built and three houses were in course of erection at the end of the year.

272 dwellings in the district were owned by the Local Authority. This was 8.1% of the total number of dwellings in the district.

5. Privately Built Houses

61 private dwellings were erected during the year and 46 were in course of erection at the end of the year.

415 post war private houses have been erected up to 31st December, 1960.

SECTION G

MISCELLANEOUS

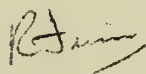

1. Inspections under Petroleum (Consolidation) Act, 1928 and Regulations

All petrol storage installations in the district were inspected during the year with a Fire Prevention Officer of the Kent Fire Brigade.

45 licences were in force during the year.

2. Administration of Shops Act, 1950

97 visits were made to the shops in the district. Some minor contraventions which were observed were remedied after informal action.

Surveyor and Public Health Inspector.
